

10/550047- Aeg 6/18/09

Amendments to the specification:

On page 1, line 1, please amend the title of the invention as follows:

ELECTRIC POWER TOOL HAVING COOLING CONDUITS

On page 1, after the title of the invention, please insert the following:

CROSS-REFERENCE

The invention described and claimed hereinbelow is also described in PCT/DE 2004/002129, filed September 24, 2004 and DE 103 47 943.0, filed October 15, 2003. This German Patent Application, whose subject matter is incorporated here by reference, provides the basis for a claim of priority of invention under 35 U.S.C. 119 (a)-(d).

On page 1, line 2, please amend the heading as follows:

Prior Art Background of the Invention

On page 1, please amend the first paragraph as follows:

~~The invention is based on an electric power tool as generically defined by the preamble to claim 1.~~

33 Aeg 6/18/09

On page 1, line 27, please amend the heading as follows:

Advantages Summary of the Invention

10/550,047- 6/18/09

On page 4, line 18, please amend the heading as follows:

Brief Description of the Drawings

12 Aug 6/18/09

On page 5, line 8, please amend the heading as follows:

Detailed Description of the Exemplary Embodiment

On page 11, please amend the abstract as follows:

Abstract of the Disclosure

~~The invention is based on an~~ An electric power tool includes [.] having an electric motor located in a housing (10) and ~~having~~ a cooling device (16, 18, 20, 30, 32). ~~It is proposed that the~~ The cooling device (16, 18, 20, 30, 32), at least in some regions, has a cooling conduit (30) that is closed off from an interior of the housing (10).
